

Uganda (1962-)

An independent state in East Africa in 1962. In 1971, Gen. Idi Amin seized control of the government. In March 1979, Uganda was invaded by a Tanzanian force, supported by Ugandan exiles. In April, Amin found asylum in Libya. There followed a decade of civil war. In recent years, conditions have stabilized under a popular regime, which has liberalized the economy.
