

British Seychelles

(1890-1976)

A group of 86 islands in the western Indian Ocean. Formerly occupied by France, the Seychelles have been under British rule since 1810. The Seychelles were ruled as part of Mauritius until 1903. During 1903-76, the islands were administered as a separate colony. Although the ruling party preferred to continue the Seychelles' association with Britain, sustained pressure from the Organization of African Unity and United Nations forced it to declare independence on June 29, 1976.
