

Senegal

(1958-)

A republic on the west coast of Africa. After 1854, France used Senegal as its base for expansion in West Africa. In 1958, Senegal became an autonomous state within the French Union, and in 1959 it joined with the French Sudan to form the Federation of Mali. Senegal withdrew from the union in 1960, and on June 26, 1960, became independent.
