

# Ethiopia (1894-1938; 1942)

A republic in northeast Africa. During the 19th century, the country was again united. An Italian invasion was crushed in 1896, but many outlying areas were gradually lost to the British, French and Italians. In 1935-36, Ethiopia was defeated by Italy, and in 1936, with Eritrea and Italian Somaliland, it was organized into the colony of Italian East Africa. Italy's East African empire was short-lived, and in 1941, Ethiopia was liberated with the help of British forces, and independence was restored. In 1974, the Emperor Haile Selassie I, who had reigned since 1922, was deposed, and a socialist military regime assumed power. In 1994, a new constitution was adopted, and in 1995, Ethiopia's first multiparty national elections were held.
