

# Jordan

(1920-)

A kingdom occupying the territory east of the Jordan River in western Asia. Under Turkish control from 1516 to 1918, the area was occupied from 1918 to 1946 by Great Britain. Abdullah, second son of King Hussein of Hejaz, became amir of the Trans-Jordan in 1921 and king when the area became independent in 1946. Jordan seized a large territory on the western bank of the Jordan River in 1948, but the area was occupied by Israel in 1967. In 1994, Jordan and Israel formally ended the state of war that had existed between them since 1948.
