

Portugal

(1853-)

A republic on the western coast of the Iberian Peninsula in southwest Europe. Portugal maintained much of its colonial empire until 1975. Portugal was a kingdom from 1139 until 1910 when the republic was established. From 1932 to 1968, Portugal was ruled by Premier Antonio de Oliveira Salazar, an authoritarian dictator. In 1974 new liberal regime quickly granted independence to Angola, the Cape Verde Islands, Guinea-Bissau, Mozambique and Sao Tome-Principe and autonomy to Macau, Madeira and the Azores.
