

# Ireland

(1922-)

An island in northwestern Europe, west of Britain. In the 12th century, England began invasions of Ireland and eventually conquered the island. 1916-19 brought freedom to most of the country in 1921, as the Irish Free State, a dominion within the British Commonwealth. In 1937 the name Eire was adopted and independent sovereignty was proclaimed, following a national plebiscite. In 1948-49 full independence was proclaimed and recognized by Great Britain.
