

Faeroes Islands (DK) (1919, 1940-1941, 1975-)

A group of islands in the North Atlantic Ocean. The Faeroes, long a Danish possession, are now a self-governing part of the kingdom of Denmark. The islands were occupied by Britain during World War II, after Denmark's occupation by Germany. Separate stamp issues have been released by the Faeroes since 1975.
